

Logitrans EHSS Inox, Custom:

IBC Lifters & Rotators

Logitrans EHSS Inox stainless steel electric stacker truck is built with **extra long, extra wide and extra narrow forks**, for lifting and handling IBCs in a pharmaceutical application.

This particular stainless stacker truck has a lift height of 2000mm. Other **lift heights from 1000mm to 3000mm** are available. It has an extra wide fork span of 880mm, an extra long fork length of 1350mm and a narrow fork blade width of 120mm. **Other fork sizes are available.**

Special fork sizes can also be made for the **Logitrans Rotator**. The IBC can be lifted and turned through 180 degrees each way, so the IBC can **completely emptied or filled**.

*Please **contact us** to discuss your application*
